

Get found. Turn it into customers. Own all of it.

A focused engagement to make Sweet Pointe the place people search for, drive to, and gift from — built in phases, inside your budget, and yours to keep. 8–10 weeks.

You've probably been sold marketing before — reports instead of customers.

This is the opposite: a small system that gets you found, turns that into bookings and gift orders, and stays yours when we're done. No vanity metrics, no long contract, every account in your name.

THE ENGAGEMENT

WEBSITE + LOCAL REVENUE · 8–10 WEEKS

\$5,000 base

+ Revenue Pack to \$7,000

Search-first, on purpose.

We wire the foundation that gets you found — Google, Maps, and AI answers for “candy near me” — **before** we touch design. Then the refreshed site and social turn that traffic into parties, boxes, and gift orders.

- **Search-first foundation** — GA4, Search Console, GBP, schema, clean URLs — wired before design
- **Design update, mockup-first** — homepage + model page approved, then build-out
- **Mobile + speed + QA** — clear paths to order, visit, contact
- **Social foundation** — Facebook + Instagram aligned, templates, calendar
- **4 weeks of social support** — batched content + posting cadence
- **Playbook + training** — so your team runs it after handoff

WHAT THE MONEY BUYS

BASE · \$5,000

Foundation + Site + Social

The get-found foundation, the website update, the social system with templates + calendar, email capture, four weeks of support, and a playbook. Yours to keep.

Terms: \$2,500 at signing · \$1,250 at launch · \$1,250 at wrap.

+ \$2,000 · LOCAL REVENUE PACK

Pull gifting forward

A bookable parties page, three ready-to-gift boxes launched, and a corporate & realtor gifting one-pager with a 20-name outreach starter — plus a welcome email flow.

Terms: Approved in writing; lands at \$7,000 total.

HOW WE WORK

- **Customers, not reports.** We track what moves money, ignore the rest.
- **You own everything.** Every account and asset in your name.
- **Start small, prove it.** Each phase pays for itself first.
- **Runs without you.** A system, not more on your plate.

HOW IT ROLLS OUT

- **Wk 1** Onboard · read your real numbers · shot list
- **Wk 2** Get-found foundation: GBP, schema, tracking
- **Wk 3–6** Mockup → approve → build → launch · parties + boxes + gifting live
- **Wk 6–10** Social support · gifting outreach · handoff

Goal windows, not fixed dates — steered against a milestone plan.

WHY GIFTING FIRST

- **The loudest channel is the lowest-revenue room** — teens bring the crowd; gifting pays the rent
- **Corporate + realtor gifting** is highest-ticket, repeatable, and locally uncontested
- **One realtor's closing-gift program** can outweigh a month of walk-ins — so it's in the first build
